Committee on International Education

Date: October 27, 2022

Re: **Systemwide Senate Review: Entry Level Writing Requirement Task Force Report and Recommendations**

Dear Chair Cattelino,

At its meeting on October 26, 2022, the Committee on International Education discussed the Entry Level Writing Requirement Task Force Report and Recommendations.

Members expressed concern that the process to satisfy the UC Entry Level Writing requirement may be challenging for international students. The committee recommends clarifying how the campus placement process will be accessible to incoming international students. The committee also recommends providing additional guidance on how international students can navigate the process to fulfill the writing requirement.

Thank you for the opportunity to review and comment. If you have any questions, please do not hesitate to contact me via the Committee on International Education analyst, Emily Le, at ele@senate.ucla.edu.
