Re: Issuance of Revisions to Academic Personnel Manual (APM) Sections 710, Leaves of Absence/Sick Leave/Medical Leave (APM - 710), and 715, Leaves of Absence/Family and Medical Leave (APM - 715)

Dear Colleagues:

I am formally issuing revised Academic Personnel Manual (APM) Sections 710, Leaves of Absence/Sick Leave/Medical Leave (APM - 710), and 715, Leaves of Absence/Family and Medical Leave (APM - 715). The revised policies, effective immediately, may be found online on the Academic Personnel and Programs website.

The revised policies reflect the following revisions:

- Technical revisions to bring the above-referenced APM policies into compliance with AB 1022, effective January 1, 2022, which expands the definition of “parent” in the California Family Rights Act (CFRA) to include “parents-in-law.” The main impact of the amended law is that employees will be able to use family and medical leave under CFRA, but not the Family and Medical Leave Act (FMLA), to care for a parent-in-law with a serious health condition.

- Technical revisions to APM - 710 to align with revisions previously made to APM - 715 regarding CFRA.

I wish to thank all members of the University community who participated in the consultation of the revisions to these important APM policies. Your contributions are deeply appreciated.
Sincerely,

Michael T. Brown, Ph.D.

Benefits and Privileges: APM - 715 - Leaves of Absence/Family and Medical Leave

715-0 Policy

In accordance with applicable State and Federal law, family and medical leave provides eligible appointees with entitlements to leave, continuance of health plan coverage as if on pay status, and reinstatement rights. Eligible academic appointees are entitled to take family and medical leave with paid or unpaid options (as set forth in APM - 715-20). Academic appointees taking family and medical leave as a block leave shall be relieved of all assigned duties during that period and are not to perform any University work. When family and medical leave is taken intermittently or on a reduced schedule, work assignments shall be adjusted due to the appointee’s reduction in time worked during that period.

Family and medical leave may be taken for the following reasons:

a. The appointee’s own serious health condition, including a serious health condition that is a work-incurred injury or illness (see APM - 710 and APM - 670);

b. To care for the appointee’s child, parent, spouse, or domestic partner with a serious health condition. If the family and medical leave qualifies as a leave under the California Family Rights Act (CFRA), such leave may also be taken to care for a parent-in-law, grandparent, grandchild, or sibling.\(^1\)

c. The appointee’s own disability related to pregnancy, childbirth, or related medical condition (“Pregnancy Disability Leave”) or prenatal care (see APM - 760-25 for provisions specific to this type of family and medical leave).

d. To bond with the appointee’s child after the child’s birth or with a child newly placed with the appointee for adoption or foster care, provided the leave is taken within one (1) year of the child’s birth or placement with the appointee, as applicable (“Parental Bonding Leave”) (see APM - 760-27);

e. To care for the appointee’s son, daughter, parent, spouse, or domestic partner, or next of kin who is a covered servicemember undergoing medical treatment, recuperation, or therapy for a serious injury or illness (“Military Caregiver Leave”) (see APM - 715-17);

f. A qualifying exigency arising out of the fact that the appointee’s child, parent, parent-in-law, spouse, or domestic partner, or next of kin is a military member on covered active duty or call to covered active duty status (or has been notified of an impending call or order to covered active duty) (“Qualifying Exigency Leave”). Qualifying exigencies include any one of the following, provided that the activity relates to the military member’s covered active duty or call to covered active duty status:

1) Short notice deployment to address issues that arise due to a military member being notified of an impending call to active duty seven (7) or fewer calendar days prior to the date of deployment;

---

\(^1\) Qualifying family members vary based on whether the leave is a CFRA and/or FMLA designated leave.
2) Military events and activities, including official ceremonies;

3) Childcare and school activities for a child of the military member who is either under the age of eighteen (18) or incapable of self-care;

4) Financial and legal arrangements to address the military member’s absence or to act as the military member’s representative for purposes of obtaining, arranging, or appealing military service benefits while the military members is on duty or call to active duty status and for the ninety (90) days after the termination of the military member’s active duty status;

5) Counseling (provided by someone other than a health-care provider) for the appointee, for the military member, or for a child of the military member who is either under age eighteen (18) or incapable of self-care;

6) Rest and recuperation (up to fifteen (15) days of leave for each instance) to spend time with a military member who is on short-term, temporary rest and recuperation leave during deployment;

7) Post-deployment activities to attend ceremonies sponsored by the military for a period of ninety (90) days following termination of the military member’s active duty and to address issues that arise from the death of a military member while on active duty status;

8) Parental care for the parent or parent-in-law of the military member when the parent or parent-in-law is incapable of self-care; and

9) Additional activities related to the military member’s active duty or call to active duty status when the University and the appointee agree that such activity qualifies as an exigency and agree to both the timing and duration of the leave.

715-14 Eligibility

An academic appointee is eligible to take family and medical leave under the federal Family and Medical Leave Act (FMLA) and/or the California Family Rights Act (CFRA) for any reason other than Pregnancy Disability Leave, provided that:

a. The appointee has at least twelve (12) cumulative months of University service (all prior University service, including service with UC-managed Department of Energy Laboratories, shall be used to calculate the twelve (12)-month service requirement); and

b. The appointee has worked at least one thousand two hundred and fifty (1,250) hours during the twelve (12) months immediately preceding the commencement date of the leave.

An academic appointee need not meet the foregoing eligibility requirements in order to take family and medical leave as Pregnancy Disability Leave under California’s Pregnancy Disability Leave Law (PDLL). However, if the academic appointee does meet these eligibility requirements, the first twelve (12) workweeks of Pregnancy Disability Leave shall run concurrently with entitlement to family and medical leave under the FMLA.
715-16 Duration and Timing of Family and Medical Leave

a. Duration

An academic appointee may take up to twelve (12) workweeks during a calendar year for all types of family and medical leave, except for Military Caregiver Leave, which may be for up to twenty-six (26) workweeks in a single twelve (12)-month period (see APM - 715-17), Pregnancy Disability Leave, which may be for up to four (4) months per pregnancy (see APM - 760-25), and situations where the employee’s family and medical leave does not run concurrently under the FMLA and CFRA. For eligible appointees who are regularly assigned to work more or less than a forty (40)-hour work week, the number of working hours that constitutes twelve (12) workweeks is calculated on a pro rata or proportional basis based on the number of hours typically worked in a week.

b. Timing

1) Academic Appointments with Definite End Dates

For an academic appointee holding an appointment with a definite end date, family and medical leave may not be approved beyond the end date of the appointment. If the appointment is renewed or extended or a subsequent appointment is made, additional family and medical leave may be granted up to an aggregate of twelve (12) workweeks for all family and medical leaves in the calendar year, except Military Caregiver Leave, which may be for up to twenty-six (26) workweeks in a single twelve (12)-month period (see APM - 715-17); Pregnancy Disability Leave, which may be for up to four (4) months per pregnancy (see APM - 760-25); and a combined leave for Pregnancy Disability Leave and Parental Bonding Leave, which may be for up to four (4) months and twelve (12) workweeks per pregnancy; and situations where the employee’s family and medical leave does not run concurrently under the FMLA and CFRA.

2) Reduced Schedule or Intermittent Leave

In addition to or as an alternative to taking family and medical leave as a block leave, an appointee may take family and medical leave by working a reduced schedule or on an intermittent basis when medically necessary due to a serious health condition (as certified by a health-care provider), when medically advisable during Pregnancy Disability Leave, or when taking family and medical leave as Qualifying Exigency Leave, including absences of less than one (1) day.

Family and medical leave taken as Parental Bonding Leave (see APM - 760-27-b) must be taken in increments of at least two (2) weeks; however, an appointee may take such leave in increments of less than two (2) weeks’ duration on any two (2) occasions.

When an appointee’s need to take family and medical leave on an intermittent or reduced schedule basis is foreseeable based on planned medical treatment for the appointee, the appointee’s family member, or a covered servicemember, the appointee should make a reasonable effort to schedule periods of leave to avoid disruption of workload.

When an appointee’s need to take family and medical leave on an intermittent or reduced schedule basis is foreseeable based on planned medical treatment for the appointee, the appointee’s family member, or a covered servicemember, the University may temporarily...
transfer the appointee, during the period when intermittent or reduced schedule leave is required, to an available alternative and equivalent position for which the appointee is qualified and that better accommodates the recurring periods of leave.

Deductions from an appointee’s family and medical leave entitlement shall be made for any hours or partial hours actually taken by an appointee as family and medical leave.

715-17 Military Caregiver Leave

An academic appointee may take up to twenty-six (26) workweeks of family and medical leave during a single twelve (12)-month period to care for a son, daughter, parent, spouse, or domestic partner (same sex or opposite sex) or next of kin who is a covered servicemember undergoing medical treatment, recuperation, or therapy for a serious injury or illness.

The single twelve (12)-month period begins on the first day the eligible academic appointee takes leave to care for the covered servicemember and ends twelve (12) months after that date.

If all twenty-six (26) workweeks of leave entitlement are not exhausted during a single twelve (12)-month period, the remaining leave is forfeited.

Appointees may take more than one (1) period of Military Caregiver Leave if the leave is for a different covered servicemember or to care for the same covered servicemember with a subsequent serious injury or illness, provided that no more than twenty-six (26) workweeks of Military Caregiver Leave is taken in a single twelve (12)-month period.

715-20 Pay Status

While family and medical leaves are generally unpaid, an appointee may have the opportunity to use accrued leave or other available pay options to continue to receive some compensation during such leave as outlined below.

a. Pay for Family Care and Bonding (PFCB)

1) General

In order to support academic appointees’ need to take leave to care for their family members, the University offers eligible appointees PFCB, which is a partial income replacement option for up to eight (8) workweeks per calendar year. To be eligible for PFCB, an academic appointee must be on an approved block family and medical leave taken for one of the qualifying reasons below, and the appointee must be taking that leave in a block of a minimum of one (1) workweek.

Family and medical leaves that qualify for the PFCB option are those leaves taken under the FMLA and/or CFRA for the following reasons: (i) to care for a family member with a serious health condition (see APM - 715-0-b for the list of qualifying family members); (ii) for Parental Bonding Leave (see APM - 715-0-d and APM - 760-27); (iii) for Qualifying Exigency Leave (see APM - 715-0-f); or (iv) for Military Caregiver Leave (see APM - 715-17). APM - 715-14 outlines the eligibility requirements for family and medical leaves. PFCB is not an option available during any other type of leave.
If an appointee elects to use PFCB for a particular qualifying family and medical leave block leave rather than using paid leave accruals, other available pay options or taking the leave without pay, the appointee must continue to use PFCB until they either exhaust their full eight (8) workweeks of PFCB for the calendar year or that qualifying family and medical leave block leave ends. If their leave ends before they have used the full eight (8) workweeks of PFCB for the calendar year, the remainder is available to use during a qualifying family and medical leave block leave later in the calendar year. For an academic appointee holding an appointment with a definite end date, family and medical leave may not be approved beyond the end date of the appointment; therefore, the PFCB option is not available beyond the end date of that appointment.

An appointee may not use paid leave accruals (vacation, sick leave) or any other available pay option while receiving PFCB.

For participants in the Health Sciences Compensation Plan (HSCP), PFCB interacts with pay options available under the participant’s specific School HSCP Implementing Procedures and/or department specific procedures as follows:

i. If an academic appointee is taking a family and medical leave that would qualify for the PFCB option and there is no HSCP pay option available for that leave, the appointee will have the option to use PFCB for that leave.

ii. If an academic appointee is taking a family and medical leave that qualifies for the PFCB option and also an HSCP pay option and they would receive more pay with the PFCB option, PFCB will be the option available to the appointee for that leave. If the appointee elects to use that PFCB option for the leave, the appointee’s PFCB entitlement would be decremented, and their HSCP entitlement would also be decremented.

iii. If an academic appointee is taking a family and medical leave that qualifies for the PFCB option and also an HSCP pay option and they would receive more pay with the HSCP option, HSCP will be the option available to the appointee for that leave. If the appointee elects to use that HSCP option for the leave, the appointee’s HSCP entitlement would be decremented, and their PFCB entitlement would also be decremented.

iv. If an academic appointee is using an HSCP pay option during an intermittent or reduced schedule family and medical leave that would qualify for PFCB if taken in a block of one (1) workweek or more, the appointee’s HSCP entitlement would be decremented, and their PFCB entitlement would also be decremented.

For academic appointees covered by a Memorandum of Understanding (MOU), the MOU governs whether PFCB is available to those appointees and, if so, the terms of PFCB.

2) PFCB Calculation

The PFCB option provides pay calculated at seventy percent (70%) of an appointee’s eligible earnings.

i. Eligible Earnings
Eligible earnings include an appointee’s base salary payable through the University. Base salary includes on-scale, off-scale, and above-scale, and X and X-prime (X’) components for Health Sciences Compensation Plan (HSCP) participants. Eligible earnings do not include pay that is received in addition to the appointee’s regular appointment such as “by agreement” payments, administrative stipends, honoraria, compensation for extension teaching, summer session teaching, any negotiated Y and Z payments for HSCP participants, and any other cash compensation received that exceeds one-hundred percent (100%) of the base salary of the full-time equivalent of the appointee’s eligible appointment(s). However, if the appointee’s only appointment is for extension or summer session teaching or is a “by agreement” appointment, and the appointee meets all other PFCB eligibility criteria, those earnings are considered eligible earnings.

ii. Appointments Established at a Fixed Percentage

If the academic appointee has an appointment established at a fixed percentage, PFCB is based on the salary rate in effect during the appointee’s leave.

iii. Appointees Reporting Time on a Variable Basis

If the academic appointee reports time on a variable basis, eligible earnings are an average of the appointee’s eligible earnings for the three (3) calendar months (for an appointee paid on a monthly basis) or six (6) pay periods (for an appointee paid on a bi-weekly basis) immediately prior to the period in which the leave begins, excluding periods with approved leave without pay. This average is calculated as follows:

a. For an appointee paid on a bi-weekly basis, the sum of hours paid in the six (6) pay periods immediately prior to the period in which the leave begins is divided by twelve (12) to determine the average hours worked per week. The average hours worked per week is then multiplied by 0.7 to determine the number of hours per week the appointee is to be paid while receiving PFCB.

b. For an appointee paid on a monthly basis, the sum of the time paid in the three (3) calendar months immediately prior to the period in which the leave begins is divided by three (3) to determine the average time worked per month. The average time worked per month is then multiplied by 0.7 to determine the time per month the appointee is to be paid while receiving PFCB.

If the consecutive three (3) months or six (6) bi-weekly pay periods immediately preceding the beginning of the leave cannot be used due to approved leave without pay, the look-back period may be extended up to, but no longer than, one (1) year prior to the beginning of the leave, using the most recent applicable pay periods not to exceed the term of the appointment.

3) Pay and Benefits Considerations

i. Taxability and Deductions
PFCB is considered taxable wages. An appointee’s normal deductions are taken from PFCB.

ii. Vacation and Sick Accruals

Because an appointee is paid seventy percent (70%) of eligible earnings when receiving PFCB, sick accruals (see APM - 710-18), and vacation accruals (see APM - 730-20-f) are calculated as if the appointee is on pay status for seventy percent (70%) of their normal work effort. For accrual of sabbatical leave credit during PFCB, see APM -715-42.

iii. Employment Service Credit

Employment service credit is used to determine years of qualifying service for an appointee’s vacation accrual rate and for eligibility for service awards. Appointees accrue one (1) month of employment service credit for each month in which they are on pay status at least fifty percent (50%) time. If receiving PFCB results in a pay status of less than fifty percent (50%) in a given month, an appointee will not receive employment service credit for that month.

iv. Retirement Service Credit

Retirement service credit (i.e., service earned as a UCRP member or UC Defined Contribution Savings Choice participant) is earned based upon an appointee’s covered compensation and their full time equivalent compensation from a UCRP-eligible appointment. While receiving PFCB, an appointee will continue to make required contributions to retirement plans. An eligible appointee who is receiving PFCB will receive seventy percent (70%) of the retirement service credit they would have earned in their normal work effort.

v. Benefits

Health and welfare benefits deductions will be taken from PFCB in accordance with the appointee’s benefit elections. Receiving PFCB does not, in itself, affect benefits status or eligibility. However, benefits regulations affecting return to pay status after a leave without pay will apply if an appointee returns to pay status by receiving PFCB.

b. Other Pay Options During a Family and Medical Leave

1) Accrued sick leave may be used, at the appointee’s option, during family and medical leave taken: (i) for the appointee’s own serious health condition; (ii) for Pregnancy Disability Leave; (iii) for Parental Bonding Leave; (iv) to care for the appointee’s child, parent, parent-in-law, spouse, domestic partner, grandparent, grandchild or sibling with a serious health condition; or (v) Military Caregiver Leave.

2) For academic appointees who do not accrue sick leave, Chancellors may approve leave with pay for up to twelve (12) workweeks. If the leave is taken for the appointee’s own serious health condition, the pay would be provided pursuant to APM - 710-11 or APM - 670-20-c for faculty who participate in the Health Sciences Compensation Plan. Such a
paid leave would run concurrently with the appointee’s family and medical leave if the appointee is eligible and the leave is taken for a reason that qualifies as family and medical leave.

3) Accrued vacation leave may be used, at the appointee’s option, during family and medical leave taken for any covered reason.

4) If the appointee elects to use accrued sick leave or vacation leave during a family and medical leave (see APM - 715-20-a or 715-20-c), the appointee’s leave bank will only be deducted for the actual amount of time taken as family and medical leave. An appointee who accrues sick leave or vacation leave but elects to take family and medical leave as unpaid leave shall not be paid for any hours or partial hours taken as family and medical leave.

5) The use of accrued vacation or sick leave for participants in negotiated compensation plans such as the Health Sciences Compensation Plan (APM - 670), must follow the applicable plan terms.

### 715-30 Notice and Certification

#### a. Responsibility of Appointee

1) An appointee shall provide at least thirty (30) days advance notice of the need for a family and medical leave when the need for leave is foreseeable. If thirty (30) days notice is not possible because of a medical emergency, for example, notice shall be given as soon as practicable. Failure to comply with these notice requirements may result in postponement of family and medical leave.

2) A complete and sufficient certification from a health-care provider may be required when family and medical leave is requested for: (i) the appointee’s own serious health condition; (ii) the appointee’s Pregnancy Disability Leave; (iii) to care for the appointee’s child, parent, parent-in-law, spouse, domestic partner, grandparent, grandchild, or sibling with a serious health condition; or (iv) Military Caregiver Leave. (See APM - 710-24-b).

   i. Criteria used under FMLA, CFRA and PDLL will be used to determine required documentation for any family and medical leave.

   ii. An appointee who is granted family and medical leave for the appointee’s own serious health condition may be required to present a return to work certification completed by the appointee’s health-care provider prior to returning to work from such a leave.

   iii. Supporting documentation may be required when an appointee requests family and medical leave for a qualifying exigency (e.g., a copy of the military member’s active duty orders).
b. Responsibility of Department (or Other Specified Unit)

It is the responsibility of the appointee’s department (or other specified unit) to designate the appointee’s leave as qualifying for family and medical leave, if the leave meets the requirements set forth in APM - 715-0 and 715-14. It is also the department’s (or other specified unit’s) responsibility to give written notice of eligibility and designation to the appointee. Family and medical leaves run concurrently with other approved leaves taken for a purpose that meets the criteria for a family and medical leave.

715-34 Effect on Benefits

An academic appointee on an approved family and medical leave, with or without pay, shall be entitled to continue participation in health coverage (medical, dental, and optical) as if on pay status. Other group insurance coverage and retirement benefits shall be in accordance with the provisions of the applicable group insurance and retirement system regulations.

715-36 Reinstatement

Reinstatement after a family and medical leave taken for any reason other than Pregnancy Disability Leave shall be to the same or an equivalent position provided that the appointee returns to work immediately following the family and medical leave. If the appointee would have been laid off or terminated if the appointee had been working rather than on leave, the appointee shall be afforded the same considerations afforded to other non-Senate academic appointees who are laid off or terminated pursuant to the provisions of APM - 145, Non-Senate Academic Appointees/Layoff and Involuntary Reduction in Time; APM - 150, Non-Senate Academic Appointees/Corrective Action and Dismissal; or applicable Memorandum of Understanding. Appointees whose appointments have a definite end date are not entitled to leave or continuation of appointment beyond the end date of that appointment.

Reinstatement after a family and medical leave taken for pregnancy disability shall be to the same position, provided that the appointee returns to work within four (4) months and immediately following the Pregnancy Disability Leave. If a non-Senate academic appointee would have been laid off or terminated if the appointee had been working rather than on leave, reinstatement shall be to a comparable position at the same location. If a comparable position is not available, the appointee shall be afforded the same considerations afforded to other non-Senate academic appointees who are laid off or terminated pursuant to the provisions of APM - 145, Non-Senate Academic Appointees/Layoff and Involuntary Reduction in Time; APM - 150, Non-Senate Academic Appointees/Corrective Action and Dismissal; or applicable Memorandum of Understanding.

Appointees whose appointments have a definite end date are not entitled to leave or continuation of appointment beyond the end date of that appointment.

715-40 Effect on the Eight-Year Probationary Period of Assistant Professors

To determine years toward the eight-year limitation of service, the combined total of periods of approved leave unrelated to academic duties and time off the tenure clock may not exceed two (2) years. See APM - 133-17-g, Applicability of Periods of Leave.
715-42 Sabbatical Leave Credit

Sabbatical leave credit is not accrued during a leave of absence with pay for one (1) quarter or semester or more, or for a leave of absence without pay of any length (APM - 740-11- h(3) and (4)).

715-80 Additional Information

APM - 715 summarizes an appointee’s rights and obligations related to family and medical leave, including the appointee’s rights and obligations under the FMLA, CFRA, and PDLL. For additional guidance related to family and medical leave, contact your Departmental Personnel Assistant or Academic Personnel or Benefits representative.

In addition to family and medical leave, appointees may be eligible to take other types of leave to care for close family members under University policy (see APM sections 710-20, 710-24, 760-27, and 760-28). Other approved leave(s) taken for a purpose that meets the criteria for family and medical leave will run concurrently with family and medical leave.

Records related to family and medical leave shall be maintained separately from other personnel records.

Members of the faculty (as defined in APM - 110-4-(15)) who are not participants of the HSCP and who have a full-time appointment for at least a full academic year (three (3) quarters or two (2) semesters) who are unable to work for reasons of personal illness, injury, or disability shall be granted paid medical leave as follows:

- a. Eligible faculty members with less than ten (10) years of University of California service in a title listed in APM - 110-4-(15) that does not accrue sick leave shall be granted a maximum of two (2) quarters (or one (1) semester) for academic-year appointees, or six (6) months for fiscal-year appointees, of consecutive or intermittent paid medical leave within a ten (10) year period for personal illness, injury, or disability.

- b. Eligible faculty members with ten (10) or more years of University of California service in a title listed in APM - 110-4-(15) that does not accrue sick leave shall be granted a maximum of three (3) quarters (or two (2) semesters) for academic-year appointees, or twelve (12) months, for fiscal-year appointees, of consecutive or intermittent paid medical leave within each subsequent ten (10) year period for personal illness, injury, or disability.

- c. Paid medical leave under APM - 710-11 and APM - 670-20-c does not accrue. Therefore, if it is not used, it does not carry over to subsequent ten (10) year periods and does not convert to University of California Retirement Plan (UCRP) service credit upon retirement. Each ten (10) year period starts a new period of paid medical leave eligibility.

- d. Faculty members with term appointments will not be granted paid medical leave beyond the end date of the term appointment except in cases of reappointment.

- e. University of California Retirement Plan (UCRP) service credit accrues while an appointee is on a UC-paid medical leave, in accordance with UCRP provisions.

- f. Faculty members may also be eligible for employer-paid Basic Disability benefits and, if enrolled, for University of California employee-paid Voluntary Short-Term or Voluntary Long-Term Disability Insurance benefits.
g. While receiving injury or illness compensation under the Workers’ Compensation Act, an absent faculty member may use available paid medical leave to supplement Workers’ Compensation payments, provided the total of the medical leave pay and workers’ compensation benefit does not exceed the appointee’s University of California Retirement Plan (UCRP) covered compensation for the period.

This policy provides paid leave in addition to normal childbearing and childrearing leaves. (See APM - 760-25-b or APM - 670-20-c-(2).)

710-14 Eligibility for Accrual of Sick Leave

BENEFITS AND PRIVILEGES
Leaves of Absence/Sick Leave/Medical Leave

710-18 Rate of Accrual

Eligible fiscal-year appointees accrue sick leave at the rate of one (1) working day per month for full-time service, including leaves with pay. Eligible academic-year appointees accrue sick leave only during the months of their service period, at the rate of one (1) working day per month for full-time service, including leaves with pay. Eligible appointees at fifty percent (50%) or more time accrue sick leave at a proportionate rate; appointees at less than fifty percent (50%) time do not accrue sick leave.

An appointee who is on leave without pay for a work-incurred injury, illness, or disability and is receiving temporary disability payments accrues sick leave on the same basis as if regularly employed, but such accrued sick leave is credited to the appointee only upon return to work.

710-20 Use of Accrued Sick Leave

Use of accrued sick leave for academic appointees listed in APM - 710-14 is governed by the following:

a. Accrued sick leave shall be used in keeping with normally approved purposes including personal illness; medical appointments; childbearing and childrearing (see APM - 715 and 760); disability; medical appointments or illness of, or bereavement for, an appointee’s child, parent, spouse, domestic partner, sibling, grandparent, or grandchild. In-laws or step relatives in the relationships listed, including relatives of the domestic partner who would be covered if the domestic partner were the appointee’s spouse, are also covered. This provision also covers other persons residing in the appointee’s household.

b. Accrued sick leave may be used, at the appointee’s option, during family and medical leave to which the appointee is entitled under APM - 715 when the appointee is taking family and medical leave for any covered reason other than qualifying exigency leave. (See APM - 715-0-f for information on Qualifying Exigency Leave). In the case of the appointee’s own illness, the appointee may be eligible for employer-paid Basic Disability benefits and, if enrolled, for University of California employee-paid Voluntary Short-Term or Voluntary Long-Term Disability Insurance benefits.

c. While receiving injury or illness compensation under the Workers’ Compensation Act, an absent appointee may also use accrued sick leave to supplement workers’ compensation payments provided the total of the sick leave pay and workers’ compensation benefit does not exceed the appointee’s University of California Retirement Plan (UCRP) covered compensation for the period.

d. Accrued sick leave shall be used in proportion to the reduced workload during periods of active service-modified duties. (See APM - 760-28-b(2).)

e. Academic appointees with term appointments will not be granted sick leave beyond the end date of the term appointment except in cases of reappointment.
710-24 Authority

Authority of Chancellors includes the Executive Vice President and Chief Operating Officer, the Provost and Executive Vice President, and the Vice President—Agriculture and Natural Resources in their areas of authority.

Authority to review and approve requests for sick leave and paid medical leave has been delegated as follows:

a. The Chancellor shall determine the appropriate documentation and campus approval procedures for all paid and unpaid leaves due to illness, injury, or disability.

b. The criteria used under the Family and Medical Leave Act (FMLA), California Family Rights Act (CFRA), and the Pregnancy Disability Leave Law (PDLL) regulations will be used to determine required medical documentation during any family and medical leave (see APM - 715). The Chancellor should establish standards and procedures for the review of appropriate medical documentation for all other paid and unpaid leaves due to illness, injury, or disability. The information to be provided should include the appointee’s estimated return to work date. Campuses should determine what constitutes adequate medical certification for approval of leaves that do not qualify as family and medical leave and when such documentation will be required. The University may require certification from a University-selected health-care provider before approving a leave that does not qualify as family and medical leave, in which case the University shall pay the reasonable costs of any medical examinations requested or required by the University.

c. For academic appointees eligible to accrue sick leave, the Chancellor may approve sick leave up to the total of an appointee’s accrued sick leave credit.

d. For faculty members who do not accrue sick leave, the Chancellor is authorized to approve paid medical leave for personal health reasons in accordance with APM - 710-11 or APM - 670-20-c and campus guidelines. Such paid medical leave should be approved in advance whenever possible. Occasionally a Dean or department chair approves leaves for illness, injury, or disability for less than one (1) month. Such leaves should be counted against the maximum amount of paid medical leave provided under APM - 710-11 or APM - 670-20-c. For any period of paid medical leave longer than one (1) month, prior approval should be obtained from the designated campus authority to avoid conversion to unpaid leave.

e. For academic appointees who do not accrue sick leave and who are not eligible for paid medical leave under APM - 710-11 or APM - 670-20-c, Chancellors may approve leave with or without pay pursuant to APM - 758 and APM - 759.

f. Academic appointees are urged to apply for disability benefits before periods of paid sick leave or paid medical leave end.
g. If an appointee exhausts accrued sick leave or paid medical leave, as applicable, and is still unable to return to work, Chancellors may approve leave without pay for up to one (1) year and may approve a longer leave without pay pursuant to APM - 759. Updated medical information or documentation shall be required to demonstrate the appointee’s continuing inability to return to work. (Alternatively, APM - 080, Medical Separation, may be appropriate for long-term disability that cannot be reasonably accommodated).

h. When an academic appointee is ready to return to work, the chair, in consultation with the Disability Management Office (or equivalent), may evaluate the appointee’s ability to resume the duties of the position. The chair may request a release to return to work and/or request a health-care provider’s statement outlining any limitations and any accommodations that might be requested. (See APM - 711, Reasonable Accommodation for Academic Appointees with Disabilities). For leaves that do not qualify as family and medical leave, the University may require certification from a University-selected health-care provider before approving a return to work, in which case the University shall pay the reasonable costs of any medical examinations requested or required by the University.

710-28 Reasonable Accommodation for Academic Appointees with Disabilities

It is the policy of the University to provide reasonable accommodations to otherwise qualified academic appointees who are disabled or become disabled and need assistance to perform the essential functions of their positions, provided that the accommodation does not pose an undue hardship (see APM - 711).

710-38 Relation with Family and Medical Leave Entitlement

An appointee eligible for family and medical leave is entitled to up to twelve (12) workweeks of unpaid leave in a calendar year, unless the leave is taken as Military Caregiver Leave, which may be for up to twenty-six (26) workweeks in a single twelve (12) month period (see APM - 715-17), or Pregnancy Disability Leave, which may be for up to four (4) months per pregnancy (see APM - 760-25). For academic appointees who accrue sick leave and/or vacation leave, accrued paid leave may be used during a family and medical leave that would otherwise be unpaid as described in APM - 715-20. For academic appointees who do not accrue sick leave and/or vacation leave, the Chancellor may approve leave with pay (see APM - 710-11 or APM - 670-20-c for faculty who participate in the HSCP). Family and medical leaves will run concurrently with other approved leave(s) taken for a purpose that meets the criteria for a family and medical leave. See APM - 710-11 regarding the maximum amount of paid medical leave that may be granted to faculty members for reasons of personal illness, injury, or disability.

710-40 Effect on the Eight-Year Probationary Period of Assistant Professors

To determine years toward the eight-year limitation of service, the combined total periods of approved leave unrelated to academic duties and time off the tenure clock may not exceed two (2) years. (See APM - 133-17-g, Applicability of Periods of Leave.)
BENEFITS AND PRIVILEGES
Leaves of Absence/Sick Leave/Medical Leave

710-42 Sabbatical Leave Credit

Sabbatical leave credit is not accrued during a leave of absence with pay for one (1) quarter or semester or more, or for a leave of absence without pay of any length. (See APM - 740-11-h(3) and (4).)

710-44 Transfer of Accrued Sick Leave

An appointee who transfers from one position within the University in which sick leave accrues to another position within the University in which sick leave accrues shall have the sick leave transferred.

An appointee who transfers from a position within the University in which sick leave accrues to another position within the University in which sick leave does not accrue shall not have prior sick leave accruals transferred. However, the appointee shall retain the accrued sick leave balance, which may be available for use if the appointee later transfers to a position in which sick leave accrues or for conversion to UCRP service credit if the appointee retires, in accordance with UCRP provisions.

Unused accrued sick leave balances will be converted to UCRP service credit at retirement, in accordance with UCRP provisions, if an appointee retires within four (4) months after leaving University employment.

710-46 Reinstatement of Sick Leave

An appointee who is reemployed after a separation from employment of less than fifteen (15) calendar days shall have all accrued sick leave from prior service reinstated, unless the leave balance was previously converted to UCRP service credit upon retirement. If the separation from employment lasted more than fifteen (15) calendar days but less than six (6) months, not more than eighty (80) hours of accrued sick leave shall be reinstated as determined by the Chancellor. If the separation lasted for six (6) months (180 days) or more, accrued sick leave shall not be reinstated. For purposes of this section only, State of California service shall be treated the same as University service.

An appointee who is reemployed from layoff status shall have all accrued sick leave reinstated in accordance with APM - 145-36, Benefits Upon Reemployment.

710-95 Records

Chancellors and Vice Presidents shall assure that appropriate records are maintained in the department (or specified unit) for those academic appointees under their jurisdictions. Records relating to family and medical leave shall be maintained separately from other personnel records.
